

Meeting 6

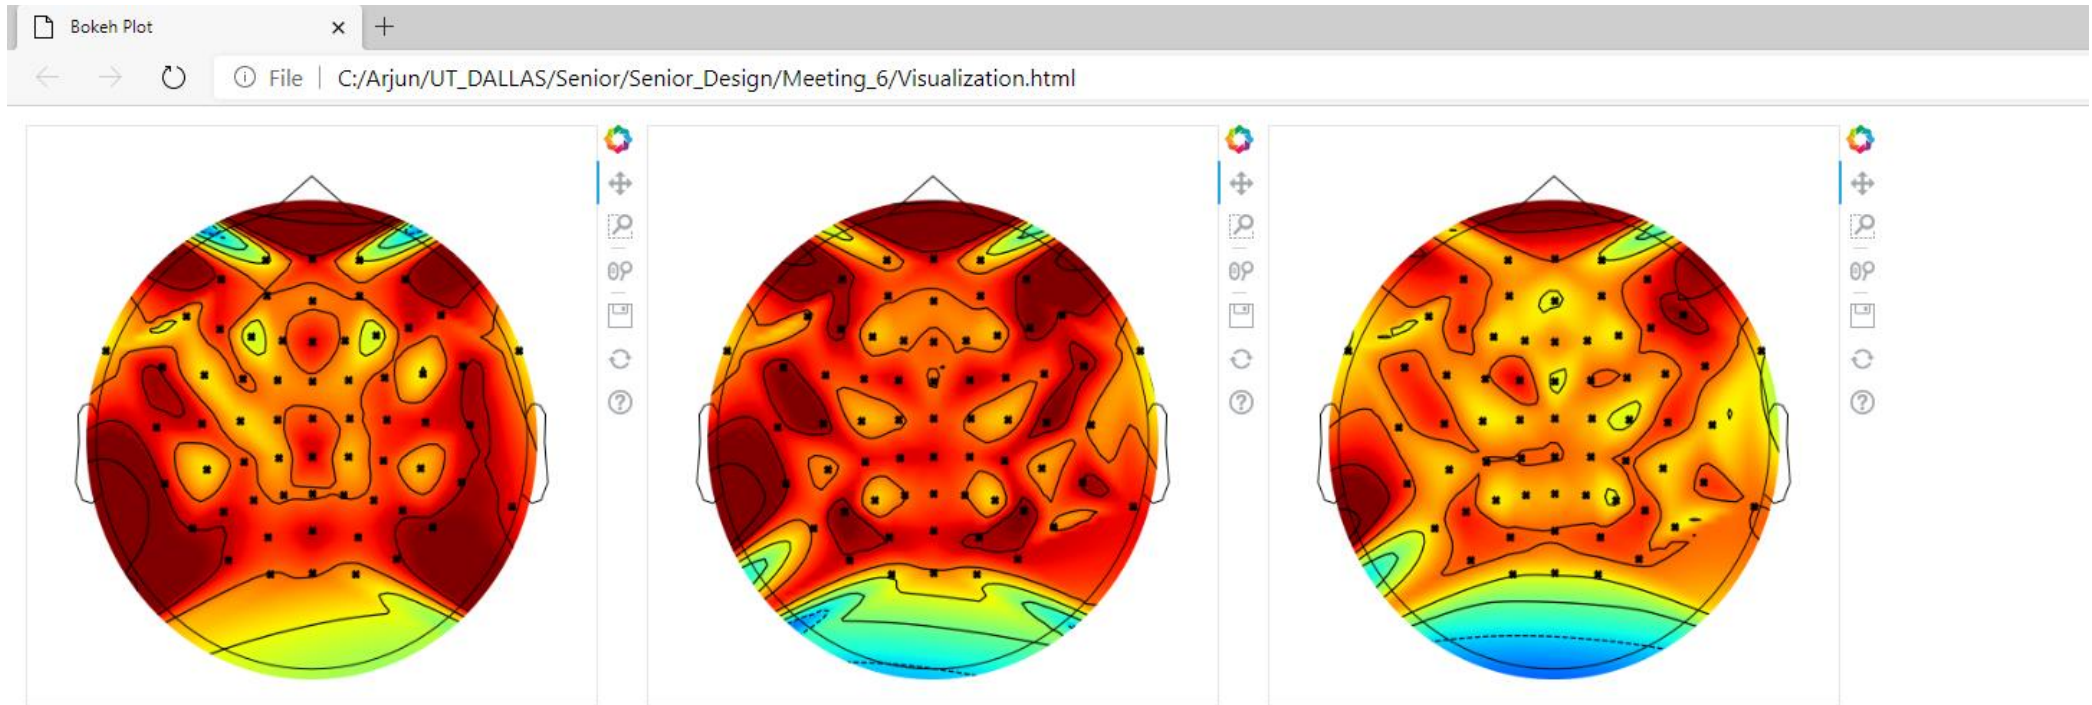

Arjun Sridhar

10/09/2020

Objectives

- Change how EEG data is updated by removing first row of data and appending new data to end of array
- Set colormap to jet
- Bokeh visualization

Outcomes

Outcomes

- Evoked mne structure for bokeh
- Plot returns a matplotlib Figure – saving this as an image and plotting in bokeh, can improve this?

Looking Forward

- Add total EEG
- Figure out way to dynamically update images in Bokeh
